ABOUT ME

Hi, I'm [Your name], a visual storyteller with a deep passion for art, design, and the way creativity connects people.

My work often explores themes of nature, memory, and emotional landscapes. I enjoy combining traditional mediums like ink and watercolor with digital tools to bring ideas to life.

I graduate from [School Name] with a major in [Your Major], and have participated in several exhibitions and collaborative projects.

Whether I'm working on a personal piece or a commissioned project, I aim to create something that resonates and tells a meaningful story.

When I'm not making art, I enjoy hiking, photography, and collecting beautiful paper.
